

Cync Room Temperature Sensor

93129901

SKU: 179363

The sensor works with the Cync Smart Thermostat (sold separately) and measures temperature and humidity in realtime. Add sensors to different rooms to monitor climate during different times of day. Eliminate cold spots in the home by keeping the temperatures more consistent throughout the home utilizing sensors.

Includes

- Optimize comfort
- Minimize hot and cold spots
- Measures room temperature and humidity
- Bluetooth-connected to Cync Smart Thermostat
- Battery-powered, standard life of 3 years
- Flexible Mounting
- 1 sensor

Battery	CR2032 coin battery
Bluetooth	Bluetooth v5.0
Temperature Range	32°F to 105°F (0°C to 40.5°C)
Temperature Sensitivity	+/- 1°F (0.5°C)
Operating Temperature Range	32°F to 105°F (0°C to 45°C)
Humidity Accuracy	5% to 90% RH (non-condensing)
Humidity Sensitivity	+/- 6% RH
Operating Humidity Range	10% to 90% RH (non-condensing)
