SmartCode 910 Z-Wave Traditional Deadbolt - Satin Nickel

99100-078

SKU: 71758   UPC: 883351615372

The SmartCode touchpad smart lock with Home Connect technology enables the lock to wirelessly communicate with other devices in home. The lock allows the user (through a web enabled device) to remotely check the door lock status, lock or unlock the door and receive notifications. SmartCode is a one-touch locking motorized deadbolt. With your personalized code, you can enter your home with the convenience of keyless entry and the back-lit keypad provides increased visibility. SmartCode is easy to install, program and use, and operates on 4 AA batteries. It also features SmartKey Security as the back-up keyway. This single cylinder deadbolt can be locked or unlocked by using the keypad or key from the outside as well as the turn button from the inside.

The crisp, clean appearance of the Satin Nickel finish adds to the overall look of the product and brings a modern feel. Kwikset smartcode dead bolts are available as smart locks and as electronic deadbolts to provide keyless entry and access for your daily life similar to our Kwikset Kevo door lock. Our Kwikset locks come with patented Kwikset only security features including- Kwikset smartkey security and SecureScreen. Our front door locks are the smart choice whether you are searching for a keypad lock or a touchscreen lock with multiple finishes including satin nickel, venetian bronze, and polished chrome. From august to december Kwikset deadbolts are the locks for year-round keyless entry. Kwikset smartcode home connect means our kwikset z wave locks works with amazon alexa, smartthings, and wink smart home hubs for smart home automation.

The SmartCode 910 Traditional Smart Keypad Electronic Deadbolt by Kwikset features:

- Works with Alexa for voice control (hub required, Alexa device and hub sold separately)
- Does not work via ZigBee or key, and is incompatible with Affinity
